Thank you for submitting the Notice of Termination Form dated 2 February 2017 requesting termination of coverage under the Low Threat General Order R5-2013-0074 for the Delta Coves Sewer Lift Station Construction Dewatering Project (Project).

On 8 September 2015, the Central Valley Regional Water Quality Control Board issued a Notice of Applicability for the Project, which was assigned Low Threat General Order R5-2013-0074-153 and WDID No. 5B07NP00023. Except for purposes of enforcement, coverage is hereby terminated as of 2 February 2017 through this letter and invoicing will be modified accordingly.

Please note that you must still submit your last quarterly monitoring report required under the Low Threat General Order to the Compliance/Enforcement staff. Failure to do so subjects you to mandatory minimum penalties or discretionary penalties.

If you have any questions, please contact Jim Marshall at (916) 464-4772 or James.Marshall@waterboards.ca.gov.
